Second, there is a memo that we agreed to provide regarding prioritization of asset renewal needs – a copy is attached.

Finally, we have a few questions about your proposed agenda. First, as to the cost methodology and contingencies item, can you tell us what are the specific cost issues that you think are unresolved? We want to make sure that we are prepared to provide information on those issues. Also, the agenda lists “outstanding items.” Are there some particular outstanding items that you have in mind?
